SmartLock® UltraLite Plus

STAND-ALONE, EXPANDABLE ACCESS CONTROL SYSTEM

Cansec
Systems Ltd.

Cutting edge simplicity

Extremely simple and cost effective, this single door controller supports up to 2,000 users and maintains an audit of the latest 1,000 transactions. All programming is done at the PC using software which is simple, intuitive and supports up to 255 UltraLite™ controllers. User data is loaded into a portable storage device which is transported to the controller and plugged in. Data is automatically copied from the portable storage device to the controller's memory. Stored Audit Data is retrieved from the controller using the same device.
